## **Welcome Members, Family and Friends**

**As a third generation member this club holds a special place in my heart. I am proud to see the current state the club is in. We have a membership as strong as ever and a great group of officers to keep us moving in the right direction. I look forward to the year ahead as President and hope to honor the position well.**

**To our new members and those of us that need a reminder sometimes, you get out of this club what you put in. It is the hard work that makes this place so special and creates those life-long**
